**NOTES:**

- Price of the powerbase includes: Active Ride Control suspension, 8 amp offboard charger, flat free inserts and positioning belt, Weight capacity is 300 lbs.
- Seat to floor height is measured at the front of the seat pan based on a standard seat size. Seat to floor heights may vary +/- .25" dependent on conditions of the power base and on seat depths greater than 18".
- For unoccupied use only.
- Requires an R-Net Controller and Harness - order below.
- Required for R-Net Remote Joysticks and Specialty Drive Controls.
- Must order R-Net Color Remote Joystick with these options.
- Must select Joystick for Lights feature or Omni for operation.

Please note that the HCPCS codes indicated on this order form are our interpretation of the codes and how we believe our products should be coded. The individual DMERCs will determine if our interpretation is appropriate and whether or not items coded will be accepted or denied. Motion Concepts cannot guarantee that use of the designated codes will ensure coverage or payment. Contact the insurer to confirm compliance with coding and coverage policy.
